I studied Civil Engineering at the RWTH Technical University in Aachen. I am also a certified roofer and roofing master (Dachdeckermeister) in Germany

From 1979 till June 2007 I worked for the Zentralverband des Deutschen Dachdeckerhandwerks ZVDH (Central Association of German Roofing Contractors). In the first years I taught at the Roofing Training School in Mayen, Germany and afterwards I was made responsible and became coordinator for the German rules and regulations of the association for slating, tiling, waterproofing and all technical items. In ZVDH I was Secretary, Director and from 2002 till 2005 General Director.

From 1996 till 2005 I was Vice Secretary General of the IFD and responsible for all technical items.

Since 2005 I have been Secretary General of the IFD.

Since July 2007 I have been managing the office of IFD in Marburg.

Since July 2007 I have been working as an engineering consultant.

In addition, I am member of many European committees in CEN as well as Chairman of some national (DIN) and European working groups and committees. I am head of the German delegation at *CEN/TC 254 Flexible sheets for waterproofing* and *CEN/TC 128 Roof covering products for discontinuous laying and products for wall cladding*.

Since 1979 I have done many speeches at seminars and congresses as well as numerous publications in magazines and literature.
