

## **Classification List - Cenelec new adopted standards & drafts.**

### **Sector U General electrotechnical standards**

- Subsector U01 Graphical symbols for electrotechnology
- Subsector U04 Electrical fluids
- Subsector U05 Electrical insulating materials
- Subsector U07 Letter symbols for electrotechnology
- Subsector U08 Electric welding
- Subsector U10 High voltage testing
- Subsector U11 Environmental testing of electrotechnical equipment
- Subsector U19 Radio interference
- Subsector U20 Superconductivity
- Subsector U92 Advanced ceramics
- Subsector U93 Electromagnetic hazards

### **Sector V Electronic engineering**

- Subsector V03 Electroacoustics
- Subsector V04 Instrument transformers
- Subsector V06 Capacitors and resistors
- Subsector V07 Nuclear instrumentation
- Subsector V08 Cables and wires for telecommunications
- Subsector V09 Semiconductors
- Subsector V10 Electromechanical components
- Subsector V11 Piezoelectric devices
- Subsector V15 Electromedical equipment
- Subsector V16 Process control
- Subsector V17 Electronic measuring equipment
- Subsector V18 Automatic controls
- Subsector V20 Laser equipment
- Subsector V21 Alarm systems
- Subsector V23 Photovoltaic systems
- Subsector V24 Information technology equipment
- Subsector V27 Audio, video and audio-visual equipment and systems
- Subsector V28 Fibre optics

### **Sector W Electrical engineering**

- Subsector W01 Electric rotating machines
- Subsector W03 Electric traction equipment
- Subsector W05 Power transformers
- Subsector W06 Switchgear and controlgear
- Subsector W08 Electric cables
- Subsector W09 Secondary batteries
- Subsector W10 Power electronics
- Subsector W11 Electrical accessories
- Subsector W13 Equipment for explosive atmospheres
- Subsector W15 Power capacitors
- Subsector W16 Lamp and luminaires
- Subsector W17 Primary batteries
- Subsector W18 Insulators
- Subsector W19 Surge arresters
- Subsector W20 Electrical relays
- Subsector W24 Telecontrol systems
- Subsector W25 Domestic appliance performance
- Subsector W26 Domestic electrical appliances
- Subsector W27 Electrical installations in buildings
- Subsector W30 Tools for live working

Subsector W32 Low-voltage power transformers  
Subsector W33 Low-voltage switchgear and controlgear  
Subsector W34 Low-voltage fuses  
Subsector W36 Electrical installations for lighting and beaconing of aerodromes  
Subsector W37 Fuel cell technologies
